

## David Cotterrell: Structural Video

Event Name: Berlin International Video Art Festival

Venue/Location: Stattbad, Berlin

Date: 27th August 2009

Supporting Organisation(s):  
Videokills

Chair/Other Speakers:

Denis Beubois, David Cotterrell, Henry Hills

The festival showcased works from international artists in the form of video installations, video art, experimental, VJ and live audio visual performances. In addition they hosted the Skype symposium series where scholars and video artists, including David, from around the world lectured and participated in panel discussions on a wide range of topics from art to technology.

David delivered his skype presentation from Bangkok, where he was installing work for the New Silk Roads exhibition.
